

September 2021 Course List

Delivery Mode Key – Colour coded throughout PDF

1. Can I study with on campus teaching? (On Campus Blended)

2. Can I study the whole course stage fully online?

3. Can I start online in my initial semester in 2021-22 if I have problems getting to Coventry in my first semester, but then would need to come to campus for blended delivery for subsequent semesters?

Please be aware that this list may change due to decisions from professional bodies about online learning. There are potential visa implications for International students selecting to study online and maintenance loan implications for home students. Students should be encouraged to discuss options with their Course Director and the International office (where applicable). The university hope to have some messaging about this available to help students understand the implications and we'll provide links to this when it is released.

Coventry University London
