\*These courses are integrated Master's courses, so the student could continue on to the MEng/MSc/MPhys in their 4<sup>th</sup> year, subject to performance/faculty approval. In some cases, the M level course may be available for direct entry as a standalone master's, but this would need to be checked with faculty.

† Theses courses have the opportunity to be extended masters with optional work placement for an additional fee.

^ This course requires ATAS certificate
